STEPPING TOWARDS ACADEMIC EXCELLENCE

Energy Policy

A.S. College of Education is striving to imbibe the teaching learning process with unique blend of intellectual vigor and ethical Engagement. It was indeed a blessed day in the history of academic development when in 2007 this college was established. It is indeed in the process of genesis with the propellant force behind the noble Endeavour of A.S High School Khanna Trust & Management Society. This society is translating dreams into reality and envisaged a utopian feature by providing quality education to people of Khanna & surrounding areas.

The college has a stated energy policy Streamlining Ways of energy conservation, use of alternate sources of energy for meeting its power requirements. The college requires all the teaching and non-teaching staff, students, guests and anyone else making use of the premises to comply with this Policy Objectives.

The objectives of this policy are:

- To promote environmental awareness in order to increase and encourage conservation and use of alternate source of energy.
- To reduce Environmental degradation to the maximum.
- To reduce energy consumption by improving energy efficiency.
- To employ good practices to decrease wastages.

Action Plan

For Streamlining Ways of energy conservation following actions are taken:

- It is mandatory that if any existing light will damage it will be replaced by only LED lights.
- All the teaching, non-teaching and students are instructed regarding switch off the lights when they will go out from any room.
- As the rooms are very much ventilated so there is less requirement of electrical lights.
- In college premises there are 3-star AC for reducing consumption of energy.
- College uses LED monitors in ICT labs for saving.
- Peons are instructed to check each and every switch time to time for conserving energy.
- Filtered water is supplied by sister concern college for conserving energy.
- Teachers use Google classrooms for assignments, evaluation purposes.
