STEPPING TOWARDS ACADEMIC EXCELLENCE

VOICE OF ALUMNI

A.S. College of Education is not only an educational building but it is a place where pupil teacher get opportunities to explore themselves and shape their personality as a teacher.

The teachers of the institution are more like a family. They are always there to guide you to the right paths. Apart from teaching course subjects, training of various teaching competitive exams like PSTET and CTET are given from very beginning of the course.

There are many learning resources i.e. library, ICT resource centre, labs to facilitate teaching learning process. Pupil teacher are given platform to participate in no. of activities like youth festival, sports meet, talent hunt, workshops so that they can shape their personality.

I feel so glad to become the part of this wonderful institution. Getting into B.Ed. course has given me a new experience of my life which I will always cherish.

STEPPING TOWARDS ACADEMIC EXCELLENCE

VOICE OF ALUMNI

The B.Ed. program at A.S. College of Education is uniquely positioned to shape and develop student teachers' attitudes toward teaching and planning extracurricular activities. The students here are highly motivated and actively engage in their responsibilities, participating enthusiastically in events, conferences, and various classroom activities organized by the college staff under the guidance of our principal.

Moreover, the faculty members serve as counselors, providing essential insights throughout the course. The college library is well-stocked with a wide range of books, magazines, research papers, and other resources necessary for students to excel academically.

Being a part of this remarkable institution has profoundly deepened my understanding of student psychology and effective teaching methods for nurturing young minds.

STEPPING TOWARDS ACADEMIC EXCELLENCE

VOICE OF ALUMNI

Sanjana Gupta (1312) had completed my B.Ed. in 2023 from A.S. College of Education , Kalal Majra, Khanna.

College is one of the memorable part of a student's life, whether it is about friends, professors or the growth of life. This institute provided me a platform for professional growth, which is required for being a teacher. Journey here began with all new curriculum and provided me the best platform to encourage myself by participating in various curricular and non curricular activities. And participating in such events took my confidence to next level. Through the course, I learned to work in groups, and also learned the sense of leadership.

Activities here are very interesting, which makes the students enthusiastic to take part in such events, conferences and many planned activities.

Teachers here cooperated with me throughout the course, and they also served as counselors and gave me immediate guidance whenever needed. College has various facilities like ICT room with a good number of computers. It has a lab with the science and mathematical Teaching aids in it. It has a library stocked with wide variety of books, research papers and other materials which needed for a student to excel in academics. The environment of this place is very homely.

Being, a member of this institute has gifted me the best version of myself. And gave me approaches to teach a young mind to the right path. I am very grateful to be a part of this outstanding institute. Thank you ASCE for those 2 best years of my life.
